Introduction to Trinitarianism:

The doctrine of the Trinity is more than just an aspect of Christian theology, it is the very essence of the Gospel and what defines Christianity as Christian. This course will explore how and why the early church recognized and developed the doctrine of the Triunity and its contemporary significance.

Text: *The Trinity*, by Olson, Roger E. and Christopher A. Hall

Instructor: Dr. Brett Williams
Provost, Central Baptist Seminary

Electives

Acts (Part 1): "The book of Acts opens with a question about the kingdom of God and Christ's empowering and commissioning the church, and it closes with the assurance that, even under arrest in Rome, Paul continued "preaching the kingdom of God ... unhindered" (Acts 28:31)" (Charles Swindoll). We will be looking at this fascinating book of transition and the practical applications for us as God continues to build His church as powered by the Holy Spirit.

Text: *Swindoll's Living Insights New Testament Commentary: Insights on Acts*
by Charles Swindoll

Instructor: Mark Monroe, BS
(FBCS Secondary Teacher)

Names of God

God has progressively revealed Himself to His people by introducing Himself with, and identifying Himself by, different names at different times. God's Names were given to man by God Himself during specific times of man's need so that man might know that God is man's all in all. This class will explore selected Hebrew names of God, their meanings, and the occasions for God using those names to introduce Himself to man.

Text: *Names of God*, by Nathan Stone
