

WINTER - SPRING 2024
February 14 — May 8
Wednesdays • 7:00pm

Parenting Teenagers* | Pastor Jared Page | Heritage Room

We will explore how we can navigate the teen years as an ‘age of opportunity,’ rather than years to be feared. We will seek to lay the foundation of God’s design for the family and to apply biblical, practical principles and goals to shepherding our teens through this foundational age. We will also explore several topics unique to reaching the hearts of our teens. We will work to collaborate and help one another in our parenting strategies.

Redeeming Conflict* | Pastor Jeremy Stephens | Room 223

Since the Fall (Genesis 3), conflict is as common to man as weeds are to a garden. We all have conflict, and we all have ways we resolve our conflict, whether biblical or unbiblical. This class will search the Scriptures to lay out a path toward redeeming our conflict for good and to find out how to pursue peace with others in ways that honor God.

Thirsting for the Presence of God* | Todd Kilburn | CBTS Library

This class will focus on ways to deepen a personal relationship with God in order to truly know Him. This class will discuss characteristics and attributes of God, but will focus on utilizing that knowledge as a means to a deeper, intimate relationship with God.

Foundations of Bible Study/Application | Doug Roman | CBTS Chapel

This class will equip believers to be more skillful interpreters of the Bible. We will survey terms, genres, approaches, and resources related to interpreting the Bible. Lessons will include interactive exercises to apply the teaching, with the desired outcome of more accurately handling the Word of Truth (2 Timothy 2:15).

Church History: The Reformation | Dr. Matt Shrader | Auditorium**

This class will consider the people, events, branches, and theology of the Reformation. We will also discuss what we ought to learn and still claim from our Reformation heritage. Come and see what Martin Luther and the five solas have to do with Minnesota and Fourth Baptist.

* regularly offered Equip class

** livestreamed
