

**FALL 2025**

**September 10 — December 3**

**\*Spiritual Disciplines | Pastor Matt Morrell | Room 223**

God's will for us is our sanctification (1 Thess 4:3). While our sanctification is ultimately God's work (Phil 2:13; Rom 8:29), its pursuit is also our responsibility (Phil 2:12). We are called to obey the imperatives of the New Testament and discipline ourselves toward godliness (1 Tim 4:7-8). The "Spiritual Disciplines" class identifies and explores the "best practices" that can serve to strengthen and mature us in our Christian walk with the Lord and to encourage others to do the same.

**\*GriefShare video series + discussion | Pastor Jeremy Stephens  
Heritage Room**

Each week the GriefShare group will watch a video seminar on grief and recovery subjects presented by Christian pastors, authors, and teachers. After viewing the video, the group members will spend time discussing how to practically apply the teaching to their own grief journey and to encourage others who may also be grieving.

**\*Shepherding a Child's Heart video series + discussion  
Pastor Caleb Prigge | CBTS Chapel**

Shepherding a Child's Heart is a video series taught by Tedd Tripp, author of the parenting book by the same name. This class will equip us as parents to reach the hearts of our children, since what every child (and each of us) does flows from our hearts (Proverbs 4:23; Luke 6:45). After each 30-minute teaching session, we will discuss how to best implement the biblical principles into parenting our children from infancy to adulthood.

**Bible Geography | Pastor Jared Page | Auditorium + livestream**

Bible Geography is a visual journey through Israel, with an emphasis on relating the events of the Bible to their physical locations and contexts, incorporating video teaching by Central Seminary's Professor of Old Testament, Dr. Roy Beacham.
